WHY BUY BEFORE NEED?

IF YOU DO

- 1 You decide together.
- 2 Your family will be united.
- 3 You decide without emotional stress.
- 4 You have the best selection.
- 5 You get a lower price.
- 6 You pay out of income—small sums monthly. No interest or carrying charges.
- 7 You have provided once and forever for a sure need.

IF YOU DON'T

- 1 One of you has to do it alone.
- 2 Your family may be scattered.
- 3 The bereaved must decide in haste under great emotional strain.
- 4 You take what is left.
- 5 You pay the future price which will be higher.
- 6 You pay lump sum cash at a time when you can least afford it.
- 7 You may have vain regrets.

Do Today What Tomorrow May Not Let You!

Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS' NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

Hill Directory Co., Inc., Publishers

INTRODUCTION AND GENERAL INDEX

C 971.67
J14 h
1957

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1957 edition of the Jacksonville City Directory, which also includes the rural routes emanating from the Jacksonville Post Office.

This is the first Hill Directory of Jacksonville, and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Jacksonville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Jacksonville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Jacksonville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Jacksonville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Jacksonville and vicinity and on the Jacksonville rural routes, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Jacksonville and vicinity.

There are more than 700 Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Formed in 1734 from New Hanover County, Onslow County was named for Sir Arthur Onslow, who was speaker of the House of Commons in the British Parliament.

Records in the Register of Deeds office at the County Court House in Jacksonville date back to 1713.

The first court house for Onslow County is believed to have been located at Court House Bay, six miles from the mouth of New River. The second County Seat and court house were on northeast branch about 20 miles from the mouth of New River, where the U. S. Marine Corps Officers Quarters at Paradise Point, Camp Lejeune, are now located. The third court house location at Johnstown, named for Royal Governor Garriel Johnston, was about 14 miles from the mouth of New River. The town failed to grow and most of the buildings were destroyed by a hurricane in 1752.

The last and present court house site was named "Wantland Ferry", for James Wantland who in 1756 donated an acre of land "Convenient to a Good Many" for the court house. Four edifices preceded the present structure erected in 1904 and remedied in 1951.

Wars seriously affected the New River region throughout their early history. After the Indian Wars, Spanish Buccaneers and pirates beset the region. During the Spanish invasion in the 1740's, prisoners were brought into the Onslow County Section through Bear inlet. Henry Morgan and his pirate associates are said to have used New River inlet as a hideout.

Militia men were trained for the French and Indian Wars and for the Revolutionary Conflict. Onslow residents had courageous parts in the flight for freedom and independence.

Within two years after the creation of the U. S. Marine Corps, marines were on duty in the coastal area, being assigned to the Privateer Sturdy Beggar off New Bern in 1777. They sailed against two English rigs which had arrived within the bar on the Carolina seashore and captured several vessels.

President George Washington passed through Onslow County on his Southern tour in 1791, enroute to Wilmington. He took breakfast at "Everett's" near Richlands, had dinner at Captain James Foy's at Rick's Run and spent the night at Sage's Ordinary in the Southern part of the county. President Washington wrote in his diary, "The whole road from New Bern to Wilmington (except in a few places of small extent) passes through the most barren country I have ever beheld."

Two Governors of North Carolina may be claimed by Onslow County. Edward B. Dudley, elected from New Hanover County, the first governor elected by the direct vote of the people, served two terms from 1836 to 1841. He was born and reared in Onslow County.

Governor Daniel C. Russell, born in Brunswick County, was the son of two Onslow natives, and spent his childhood at the Onslow home of his grandfather, David W. Sanders, a member of the Council of State.

Onslow County is one of the few coastal counties in North Carolina whose mainland borders the ocean without an intervening sound.

Jacksonville and Onslow County flourished through the years, its native residents being occupied in farming tobacco, corn, peanuts, cotton, etc.; others cutting and processing lumber for tar pitch and turpentine, others sailing the ocean and rivers of the area bringing in fish, shrimp and the famed large and luscious oysters from New River still others: merchants, lawyers, politicians, educators.

In 1941 at the outbreak of World War II, the area around Jacksonville was again the scene of U. S. Marines on duty. Camp Lejeune was originated and named for the famed General Lejeune. Camp Lejeune is the world's largest amphibious training base, covering an area of 173.8 square miles. Camp Lejeune starts one mile from the center of Jacksonville, and extends to the Atlantic Ocean. The base is a city itself and is completely self-sufficient. It has its own power plant, garbage and disposal plants, water treatment plant; its buildings, which number in excess of 400 are permanent structures of steel, brick and cement. It is beautifully landscaped with azaleas and native flora. Camp Lejeune offers its visitors an unparalleled view of America's defense strength in its natural scenic beauty. Jacksonville has achieved the reputation of being the fastest growing and most progressive city in North Carolina.

The government of the Town of Jacksonville is the Council-Manager for the Mayor is elected at large, and the four members of the Council are elected from the four wards of the Town. The Town Manager is appointed by the Council and is charged with the administration of the town's affairs and is responsible to the Council. To advise and assist the Council and the Manager, there are the following advisory commissions and boards: The Planning Board, the Recreation Commission, Cemetery Commission and the Zoning Board of Adjustments.

Tax Rate in the City is \$1.65 per \$100.00
Tax Rate in the County is \$1.28 per \$100.00

permitting a low tax of \$1.28 per \$100.00 or a high of \$2.98 per \$100.00.

There is a newly completed and enlarged sewage treatment plant, plus a new water treatment plant.

There are two electric power companies serving the entire county.

Carolina Telephone & Telegraph, with an investment of over a million dollars in equipment and lines, is also serving many thousands of homes in Onslow County.

There are over ten miles of sandy beach bordering the Atlantic Ocean, with-in easy driving distance from Jacksonville.

The climate in Jacksonville is classified as mild throughout the year with a temperature seldom below freezing during January, February and March, ascending to 90 and 100 during July and August.

Rainfall 57.53
Snowfall7
Mean Annual Temperature 62.80

Tourist accommodations in Jacksonville are numerous. There are several hotels and many fine tourist courts, one of which is the second largest in the United States and known as the finest between Washington, D. C. and Jacksonville, Florida.

A large amount of acreage, ideally located, is available for industry, and there is an abundance of workers for any type of commercial enterprise. Many marines, upon discharge or retirement, remain in the community.

Jacksonville boasts an alert daily morning newspaper, which subscribes to several of the noted news services. Being a morning paper, its heavy circulation gets the news to the many subscribers early enough to keep the population posted on news ordinarily published in evening papers.

A modern radio station, WJNC, has been on the air since 1945, serving the best interests of Jacksonville and Onslow County. It has always been alert and quick to serve the best interest of all of Jacksonville and Onslow County. Another station, WLAS, now under construction, is to be opened in the near future. T V reception reaches Jacksonville from at least four regular stations.

In Jacksonville, business firms offering all types of merchandise and service, total in excess of 200.

The Civic Clubs of the city, number twelve, with three additional auxiliaries.

Fourteen miles North of Jacksonville on Highway 17 at Belgrade is an extensive deposit of shell rock, from which thousands of tons have been removed for use in airfield and highway construction.

Jacksonville has a new County Hospital completely equipped with modern facilities to assist doctors in keeping the citizens in good health. Among the new items is an X-Ray Machine, presented through the local Cancer Society by the citizens and Marines of Onslow County. In addition to its fine surgical and mechanical instruments and machines, the hospital is capably staffed with outstanding doctors, nurses, and managerial staff.

Jacksonville has four fine schools, of which two are public primary schools, and one public high school; and one private primary school (Catholic).

The public primary, the Clyde Erwin School in New River, just recently constructed, is considered one of the finest schools in the nation. Jacksonville is truly an example of this nation's greatness in that freedom of religion is practiced. We have the Methodist, Baptist, Lutheran, Roman Catholic, Presbyterian, Mormon and Episcopal Churches.

The Atlantic Coast Line offers daily freight service and the Marine Corps has about completed passenger service between Camp Lejeune and Cherry Point, N. C., which will be leased to one of the regular lines and afford train service for the many Marines to any point.

The city has its own recreation building, which operates daily programs. There are two beautifully equipped U.S.O. Clubs serving off the base needs of the many Marines based at Camp Lejeune.

The city is situated on beautiful New River, which has been known by many generations of fresh water fishermen as a fisherman's paradise. The great game hunting reserve, known as Huffman Forest covers 80,000 acres and almost reaches the city. Coastal Highway U. S. 17 runs through Jacksonville.

Jacksonville can be your home while you hunt and fish in the beautiful forests, rivers, creeks and ocean that are in and border Onslow County. In our forests and plains there are bear, deer, quail, rabbit, wild turkey, duck, geese and many other game birds and animals to be found.

In New River and its creeks, and in the Atlantic Ocean, a veritably treasure of thrills and surprises await the angler with the multitude and assortment of fish to be caught, bass, perch, trout, lue, sheephead, mullet, etc.

Onslow County's forests produce many merchantile species of trees, such as the loblolly pine, gum, oak, cypress, juniper, etc.

New River, despite its name, is known to be the mouth of one of the oldest rivers in America. It is the only large river in North Carolina with headwaters and mouth in the same county, Onslow, and it is one of the few rivers of any size in the United States which flows due north. Its three forks are also unusual, in that they bring little water to feed the main stream. Another peculiarity is that it seems to be all mouth and nothing much more. The estuary is about 20 miles long, and three to five miles wide.

The county is basically agricultural and fresh foods and fish are enjoyed daily.

Forest Area (Acres)	366,600
Growing Season (Days)	248
Tobacco Valuation (1953).	6,000,000
Livestock Valuation (1953).	2,000,000
Total Land Area (Acres)	483,840

Tobacco, corn, peanuts, soybeans and livestock are important sources of income for Onslow farmers. Onslow County hams are known far and wide for their delicious flavor. New River oysters are large and luscious. They grow singly instead of in clusters. Sea food from Onslow waters is exceptionally fine.

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

WHERE YOU BANK DOES MAKE A DIFFERENCE . . .

M. F. ALLEN, JR.
Executive
Vice-President

Thousands of people like to bank at FIRST NATIONAL because they feel so "at home" here . . . because FIRST NATIONAL is managed by Jacksonville people who know and understand local needs . . .

But FIRST NATIONAL is a great deal more than just a hometown bank . . . Through its membership in the Federal Reserve our customers have the important advantage of being able to draw on the services and facilities through membership in the FEDERAL RESERVE SYSTEM.

CASHIERS! TELLERS!

— CLERKS! —

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Insurance Specialists

Insurance is just as much of a specialized field today as is medicine or law. Why put your insurance in the hands of an inexperienced man when you can have the services of the best?

For the past 12 years the people of Jacksonville and Onslow County have been placing their insurance problems in the hands of the trained insurance counsellors at the W. B. Quick Agency. Insurance advice and counseling costs you nothing, but the wrong advice can cost you . . . Your Home . . . Your Savings . . . Your Right to Drive . . . Your Future Earnings.

W. B. QUICK, Owner-Mgr.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

MR. CITIZEN!

*Correct Information
Is Valuable
To You!*

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

**Do your employers furnish you with
 the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson)

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Keeping up with known sources of supply.
Checking on the record of firms from which you buy
as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or
street.
Routing salesmen to avoid lost motion in reaching
prospects.
Locating residents of hotels and apartment buildings,
many of whom are listed nowhere else.
Identifying names and titles of officials, for use of
salesmen.

CREDIT REFERENCE (*and Collections*)

Running down delinquent debtors.
Checking credit applications as to address, moving
habits, names of employers, stability of employ-
ment, family status, neighbors, whether owner
or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social ser-
vice and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete
delivery of mail.
Effecting delivery of messages and parcels errone-
ously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and
establishing facts as of a certain date.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*YELLOW SECTION*", where the advertiser may explain in greater detail the services or products he has to offer.

5

A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

HILL'S JACKSONVILLE

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1957

Copyright, 1957, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.

THE CITY DIRECTORY

represents the City and its
institutions in every corner
of these United States

**ARE YOU PROPERLY
REPRESENTED IN IT?**

The Classified portion
catalogues the professions
and goods handled here

**ARE YOU LISTED UNDER YOUR PROPER HEADING
SO THE PROSPECTIVE BUYER CAN FIND YOU?**

"Think It Over"

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

THE REQUISITES OF AN UP-TO-DATE CITY

A Good Hotel

A First Class Newspaper

Good Banks

Economical Lighting Facilities

Good Railways

Cheap Fuel

Plenty of Pure Water
